Director Andersen stated that before the Council was a questionnaire which was prepared by Metro to provide an opportunity for local governments to give input to Metro regarding the Metropolitan Transportation Improvement Program. Director Andersen mentioned that originally he had sent out a blank questionnaire to the Council, but that tonight he had distributed a staff-completed questionnaire. At this time, staff was asking Council to approve the completed questionnaire so that it may be forwarded to Metro.

Councilor Quinby commented that it seemed a bit rushed to approve the completed questionnaire as Council had just received it and had not had time to review it. Councilor Lillard mentioned that she had worked with Director Andersen for many years on the East Multnomah County Transportation Committee and that she knows Director Andersen would have completed the questionnaire based on Council's desires.

Mary Jo Briggs, City Administrator, suggested that Council review the completed questionnaire and provide any feedback to staff by the end of the week before the questionnaire was submitted to Metro. Council agreed with the suggestion.
